ABOUT THIS BENEFIT GUIDE

This booklet serves as a guide to the Malcor Medical Aid Scheme. It consists of information about your membership and benefits. This Benefit Guide is merely a summary of the benefits and features of the Malcor Medical Aid Scheme plans and is subject to the Rules of the Malcor Medical Aid Scheme. The Rules of the Scheme will apply in all circumstances. Members who require further information should contact their personnel departments or the Scheme at 0860 100 698.

This brochure provides you with a summary of the benefits and features of the Malcor Medical Aid Scheme, pending approval from the Council for Medical Schemes. The Malcor Medical Aid Scheme is a closed Scheme, and is administered by Discovery Health (Pty) Ltd.

This brochure gives you a brief outline of the benefits Malcor Medical Aid Scheme offers. This does not replace the Scheme Rules. The registered Scheme Rules are legally binding and always take precedence.

Detailed benefit documents may be obtained from www.malcormedicalaid.co.za > Find a document if you are registered as an online user. Please share this information with your dependants who are your beneficiary members of the Malcor Medical Aid Scheme.

WHO CAN JOIN THE MALCOR MEDICAL AID SCHEME?

The Malcor Medical Aid Scheme is a restricted-access medical scheme for a number of associated employer groups. An employer is defined as 'any company or organisation that was previously a subsidiary or an associated company of Malbak Limited at the time of the latter's dissolution in 1996, or has subsequently been acquired by such companies or organisations'. Employers currently making use of the Malcor Medical Aid Scheme include, but are not limited to, CFAO Motors South Africa formerly known as Unitrans Automotive, Defy Appliances (Pty) Ltd, Aspen Holdings (Pty) Ltd and Omnia Holdings Limited.

Membership is available to all employees of approved employers subject, in certain cases, to the satisfactory outcome of a medical examination.

WHO MAY JOIN AS YOUR DEPENDANT?

- Your spouse or partner in a committed and serious relationship similar to marriage, including mutual dependency and both partners living in a shared and common household.

GENERAL GUIDELINES

ON THE MALCOR MEDICAL AID SCHEME

Members and their dependants are entitled to benefits from the date their membership commences as reflected on their membership cards.

There are certain limitations and exclusions applicable to all members. To avoid incurring personal liability for medical treatment, members should, if in any doubt, refer to the Scheme's Rules or contact the Scheme for clarification prior to agreeing to such treatment.

The Scheme is, according to the Medical Schemes Act, allowed to apply a Late-Joiner Penalty (LJP) to an applicant or to the dependant of an applicant who fits the definition of a late-joiner. The LJP fee is a percentage increase in a member's contribution. It is a lifetime penalty that is not be removed, even when members move from one registered South African medical scheme to another.

It is recommended that members who are about to embark on any costly treatment that does not require specific preauthorisation, such as orthodontic treatment, submit quotations to the Scheme to obtain information about the extent to which the Scheme will cover the proposed treatment.

PLAN D members might be required to preauthorise all benefits BEFORE consulting with service providers. You may confirm benefits by calling Enabledmed on 0860 002 402.

Annual limits are apportioned according to the period of membership in relation to the benefit year i.e. 1 January to 31 December. Thus your benefit limits will be prorated if you join during the benefit year.

The relapse prevention basket of care includes:

Should the care coordinator identify that the member is struggling, the treating doctor will also be alerted.

Cover for Hospital at Home

Hospital at Home Benefit Experience has shown that hospital-level care can be delivered safely in a home-setting for a range of clinically appropriate conditions. Members will have access to funding for select low acuity medical conditions, as well as a range of clinically appropriate services and procedures to safely manage any referred medical and post-operative admission.

To access this benefit, your treating specialist must identify you as a member with an illness that can be treated at home and will first consult with you to confirm if you are digitally engaged and that your home environment is suitable to receive care at home. It remains your choice to be treated in hospital even if you qualify for a Hospital at Home admission.

Admissions to Hospital at Home are subject to preauthorisation in lieu of hospitalisation. The pre-authorisation enables risk-based funding for approved remote monitoring devices and healthcare services for patients who meet the clinical and benefit criteria.

While receiving care at home, members have 24/7 access to an in person and a virtual care team. This real-time connection ensures that patients can always reach a clinician if they have questions or concerns. Family members are kept up to date on the patient's progress, either during the home visits, or through a virtual consultation. Depending on a patient's specific needs, consultations with allied healthcare professionals may be incorporated into their personalised care plan.

Programme Enrolment

All treating physicians will be made aware of the programme.

Treating providers, in conjunction with Discovery Health's in-hospital case managers will identify members and inform them of the programme based on clear criteria.

Programme Funding

All services offered as part of the Hospital at Home programme fund from the overall annual limit for in-hospital expenses where there is a valid preauthorisation in lieu of hospitalisation.

This unlocks risk-based funding for approved devices and healthcare services for those who meet the clinical and benefit criteria.

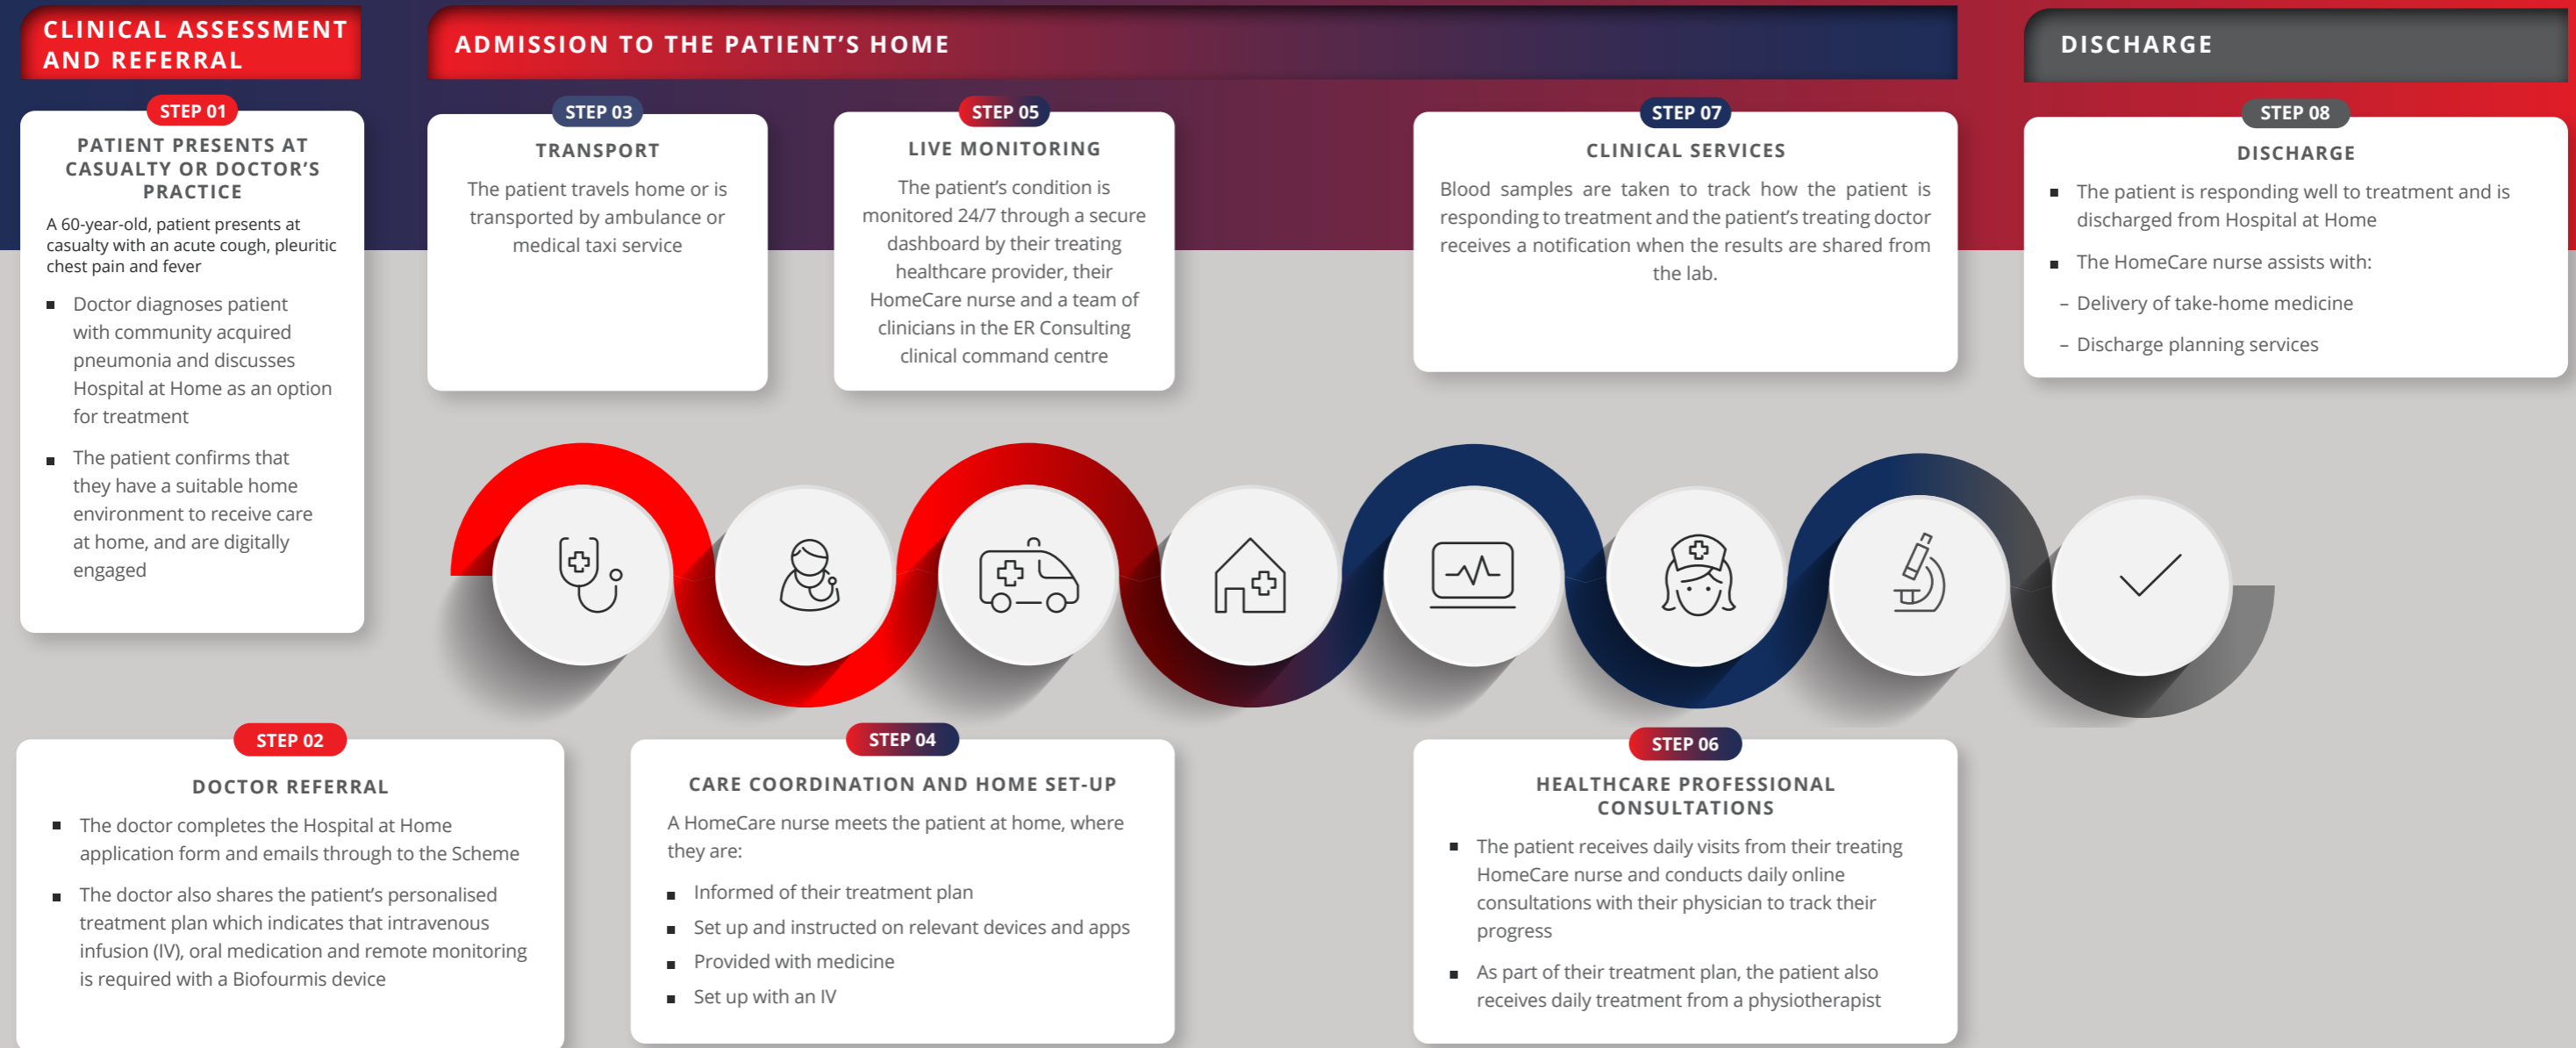

Patient specific eligibility criteria applies for use of certain services, as determined by the treating care team.

Devices

Qualifying members will have funding for a defined list of registered devices funded up to 100% of the Scheme Rate, with a limit of R4,250 per person per year.

Please register by calling 0860 100 698.

Readmission Prevention Benefit

The focus of this benefit is to decrease the readmission rates by ensuring that patients discharged from acute care do not suffer a relapse or deterioration that may require readmission to hospital for unplanned reasons.

The benefit is targeted at four conditions currently: acute myocardial infarction/ischaemic heart disease, pneumonia, heart failure and Chronic Obstructive Pulmonary Disease (COPD). Predictive modelling will identify those members who are deemed at highest risk of being readmitted for these conditions and the benefit will be available to them.

The benefit has three components:

- Home Care (1 physical visit, 3 virtual home team consults, and a care coordination aspect).
- A doctor follow-up consultation funded from risk; and
- A medicine reconciliation at the point of discharge performed by the treating doctor.

These components will occur intensely within the first 10 -14 days of the patient leaving the hospital.

The typical member journey of a member eligible for the the Readmission Prevention Benefit is illustrated below.

MEDICAL

BENEFIT

GENERAL GUIDELINES: THE SCHEME APPLIES THE FOLLOWING GUIDELINES IN RESPECT OF MEDICINE BENEFITS ON PLANS A, B AND C:

Generic medication

Generic medicines are produced once patents of original drugs have expired. They have the same active ingredients as the original medicines. They may, however, be in a different form from the original drug and will not be in the same packaging.

By using generics, members can use less of their Acute Medicine Benefit each time they claim. However, members are still assured of quality because all generic medicines sold in South Africa must be approved by the Medicines Control Council.

Maximum medical aid price (MMAP®)

The Scheme covers the cost of medication up to the recommended MMAP®. This price represents the lowest average price available in the marketplace for a particular classification of drug. This price is in most cases the lowest average generic price as well.

Members are fully responsible for the difference between the actual price charged for medication and the related MMAP® level. For this reason members are urged to ask their doctors to prescribe generic medication wherever possible. If there is no generic alternative on the MMAP list, the full cost of the original drug will be paid by the Scheme.

Medicine price structure

Current legislation regulates the pricing of all medication and the Scheme will cover medication up to a maximum of this Single Exit Price, subject to MMAP®. Legislation also allows for a dispensing fee to be charged and this is covered by the Scheme up to the amount charged by the Scheme's DSP, being Dis-Chem.

However, administrative costs, including those for faxes, telephone calls, transaction and delivery fees and any other sundry fees charged by the medication supplier, are not covered by the Scheme.

Medication preferred provider

Dis-Chem have been appointed as the Scheme's Designated Service Provider (DSP) for all medication requirements. Dis-Chem have offered the Scheme a beneficial dispensing fee structure. Should a member choose to obtain their medication from a provider who is unable to match this dispensing fee arrangement, they will be personally liable for any resultant excess.

Over-the-counter medicines (OTC)

Pharmacists can prescribe and dispense schedule 0, 1 and 2 medicines for the treatment of minor ailments such as dysmenorrhoea, headaches, sinusitis, abdominal colic, stomach cramps, dyspepsia, heartburn, constipation, diarrhoea, muscular pain, coughs and colds, flu, sprains, insect bites, rashes, itchy skin, hayfever, nausea and vomiting, migraines, worms, vaginitis, anti-fungal and anti-viral conditions. These costs will be paid by the Scheme and deducted off the relevant plan-specific acute medicine OTC sub-limit.

The Board of Trustees may in its absolute discretion increase the amount payable in terms of the Rules of the Scheme as an Ex-Gratia award. As Ex-Gratia awards are not registered benefits, but are awarded at the discretion of the Board of Trustees.

If you require emergency medical services while overseas, that would normally be covered by the Malcor Medical Aid Scheme, you can claim the reimbursement of the cost of these services back from the Malcor Medical Aid Scheme on your return. The Malcor Medical Aid Scheme will refund you at the Malcor Rate that would have been paid if emergency medical services had been obtained in South Africa.

Please download the international claim form from the website and send it to us with the detailed claim so that we can review the claims for payment.

Malcor medical aid scheme emergency service

Cover is provided for emergency medical evacuations. The Discovery Medicopters, supported by ground staff, provide medical support and air evacuation in extreme critical cases. The emergency helicopters operate from Johannesburg, Cape Town and Durban

Motor vehicle accidents

The member must inform the Scheme about the accident as soon as possible. Discovery Health will assist with the Road Accident Fund claim in the following ways:

- Discovery Health will refer the member to a Discovery Health approved attorney who will assist the member with their claim against the Road Accident Fund (the member may however make use of their own attorney).
- If the member uses one of Discovery Health's approved attorneys, those attorneys will analyse the member's accident (at no cost to the member) to determine whether the member has a valid claim.
- If the member chooses to use their own attorney, the member should ask their attorney to contact the Scheme in order to assist the member's attorneys with the accident-related accounts and any fee-related queries which the attorneys may have.

The Scheme will pay for accident-related healthcare expenses in accordance with the rules of the Scheme and the member's plan type.

If the Road Accident Fund pays for medical expenses which were also paid by the Scheme, the Scheme must be reimbursed in accordance with the amount paid by the Road Accident Fund.

In an emergency, please call the Discovery 911 emergency services number which you will find on your membership card and the car sticker that has been provided (Plan A, B and C only).

ADVANCED TECHNOLOGY AND CONVENIENCE

WHEN YOU'RE AT THE DOCTOR – HEALTH ID

HealthID, Discovery Health's application for healthcare professionals, is the first of its kind in South Africa. Many doctors in the network will be able to access your health records with your consent. Remember that member confidentiality will be protected at all times and your information can only be accessed with your consent.

Online bookings:

You can conveniently use the Discovery app to make real time online bookings. You can download the Discovery app by going to the Apple AppStore or Google Play.

MANAGING DIABETES DIGITALLY

The Malcor Medical Aid Scheme will fund a telemetric glucometer for all members registered for diabetes. These devices provide an efficient and simple user interface for capturing blood glucose readings and insulin levels, and for logging exercise and meals – all in real time.

The data captured through this device integrates seamlessly with HealthID (an application that doctors can download) to access members' information remotely and identify risks in a timely manner.

These benefits allow doctors to spend less time downloading data and more time focusing on the health of patients, making diabetes management easier for members of the Malcor Medical Aid Scheme. These benefits are provided through Dis-Chem pharmacies and will be funded subject to your external medical appliances limit and overall out-of-hospital limit.

REPORTING FRAUD OR MALPRACTICE

Be part of the solution and not the problem. Report any fraudulent or unethical practice to us and take an active role in combating crime.

KEY INFORMATION

The Scheme pays the applicable Malcor Rate directly to providers as standard practice. If medical providers charge in excess of Malcor Rates, the member will then have to settle the balance with the relevant provider.

Should a member pay a provider directly and submit his claim with proof of receipt, the Scheme will refund the Malcor Rate to the member.

NB! All medical aid refunds are done electronically and members are urged to ensure their banking details with the Scheme are always updated.

IMPORTANT TIPS WHEN CLAIMING

When claiming from the Scheme for your medical costs, whether these are hospital, chronic or out-of-hospital, these steps apply:

- When sending claims, please make sure the following details are clear:
 - Your membership number
 - The service date
 - Your doctor's details and practice number
 - The amount charged
 - The relevant consultation, procedure or NAPPI codes and diagnostic (ICD-10) codes
 - The name and birth date of the dependant for whom the service performed
 - If paid, attach your receipt or make sure the claim says 'paid'.
- Check with your healthcare providers if they have sent your claims to us to avoid duplicates.
- Send your claims within four months of the date of service, otherwise they will be treated as expired and will not be paid.
- Always remember to keep copies of your claims for your records.
- To see the status of your claim, you can go to www.malcormedicalaid.co.za

IMPORTANT NOTES

1. Healthcare practices must be appropriately registered with the Board of Healthcare Funders (BHF) and must have a valid practice number in order for claims to be considered.

FRAUD HOTLINE (ANONYMOUS)

To report any crime related activity, call anonymously on the toll-free number 0800 004 500 or SMS your report to 43477. This is a totally independent, professional hotline service.

2. The Scheme Rate is set by the Scheme for reimbursement or it is the rate agreed between the Scheme and the provider. Discovery Health has been mandated to negotiate certain rates on behalf of the Scheme.

- 2.4. If the Scheme does not have funding guidelines or protocols in respect of benefits for services and supplies referred to in Annexure B, beneficiaries will only qualify for benefits in respect of those services and supplies if the Scheme or its managed healthcare organisation acknowledges them as medically necessary, and then subject to such conditions as the Scheme or its managed healthcare organisation may impose.

- 2.7. The Scheme reserves the right to impose and apply exclusions and limits to the benefits that will be paid for medicines/procedures/interventions which have been accepted into the practice of clinical medicine through a process of health technology.

THE COUNCIL FOR MEDICAL SCHEMES

FOR YOU, FOR HEALTH, FOR LIFE.

What?

The Council for Medical Schemes (CMS) is a statutory body established in terms of the Medical Schemes Act 131 of 1998 to provide regulatory oversight to the medical scheme industry. The CMS' vision is to promote vibrant and affordable healthcare cover for all.

Why?

It is our mission to regulate the medical schemes industry in a fair and transparent manner.

- We protect the public, informing them about their rights, obligations and other matters, in respect of medical schemes;
- We ensure that complaints raised by members of the public are handled appropriately and speedily;
- We ensure that all entities conducting the business of medical schemes, and other regulated entities, comply with the Medical Schemes Act;
- We ensure the improved management and governance of medical schemes;
- We advise the Minister of Health of appropriate regulatory and policy interventions that will assist in attaining national health policy objectives; and
- We collaborate with other entities in executing our regulatory mandate.

Who?

The CMS governs the medical schemes industry and therefore your complaint should be related to your medical scheme. Any beneficiary or any person who is aggrieved with the conduct of a medical scheme can submit a complaint.

It is however very important to note that a prospective complainant should always first seek to resolve complaints through the complaints mechanisms in place at the respective medical scheme before approaching the CMS for assistance.

You can contact your scheme by phone or if not satisfied with the outcome, in writing to the Principal Officer of the scheme, giving her/him full details of your complaint. If you are not satisfied with the response from your Principal Officer, you can ask the matter to be referred to the Disputes Committee of your scheme.

If you are not satisfied with the decision of the Disputes Committee, you can appeal against the decision within 3 months of the date of the decision to the CMS. The appeal should be in the form of an affidavit directed to the CMS. We are for you.

When?

When you need us! The CMS protects and informs the public about their medical scheme rights and obligations, ensuring that complaints raised are handled appropriately and speedily. We are for health.

How?

Complaints against your medical scheme can be submitted by letter, fax, email or in person at our Offices from Mondays to Fridays (08:00-17:00). The complaint form is available from www.medicalschemes.com

Your complaints should be in writing, detailing the following: Full names, membership number, benefit option, contact details and full details of the complaint with any documents or information that substantiate the complaint.

The CMS' Customer Care Centre and Complaints Adjudication Unit also provides telephonic advice and personal consultations, when necessary.

Our aim is to provide a transparent, equitable, accessible, expeditious, as well as a reasonable and procedurally fair dispute resolution process. The CMS will send a written acknowledgement of a complaint within three working days of its receipt, providing the name, reference number and contact details of the person who will be dealing with a complaint.

In terms of Section 47 of the Medical Schemes Act 131 of 1998, a written complaint received in relation to any matter provided for in this Act will be referred to the medical scheme. The medical scheme is obliged to provide a written response to the CMS within 30 days.

The CMS shall within four days of receiving the complaint from the scheme or its administrator, analyse the complaint and refer the complaint to the relevant medical scheme for comments.
