Important information you need to know

We may change the information contained in this document from time to time. We will communicate any changes to the way we pay medicine when we make these changes.

The Out-of-Hospital Prescribed Minimum Benefit (OHPMB) and the utilisation of the benefits and programmes associated with this benefit is subject to specific conditions and rules. Members must make sure that they know these rules and conditions.

Any instructions or advice on medicine and the management of your condition are intended to add to, and not replace, the knowledge, expertise, skill and judgement of your doctor, pharmacist or other healthcare professional.

Malcor Medical Aid Scheme reserves the right to change the benefit at any time.

You need to apply for cover

The Out-of-Hospital Prescribed Minimum Benefit (OHPMB) application form needs to be completed by you and your doctor. This fully completed form, including any supporting tests that are required (detailed in the application form), must be submitted to Malcor Medical Aid Scheme for review.

Submission details are on the application form. If the condition is approved, cover only applies from the date of approval.

Explanation of terms

Active ingredient

This is the main substance in a medicine that is responsible for the clinical action on the human body.

Benefit year

A benefit year refers to the benefits you are entitled to during a calendar year, 1 January to 31 December. This medicine list (formulary) is applicable for 2027 only.

Medicine class

This describes medicine that have similar chemical structures or similar therapeutic effects.

Prescribed Minimum Benefit (PMB) conditions

These are conditions which all medical schemes are required to cover by the Council for Medical Schemes (CMS), according to clinical guidelines.

Scheme Rate for medicine

The Maximum Medical Aid Price (MMAP®) is the rate that applies to all approved chronic medicine. In the absence of MMAP®, the approved chronic medicine will be funded to a maximum of the Single Exit Price (SEP) plus the Dis-Chem dispensing fee. All other charges in excess of these approved rates will be for your own pocket.
